

ORIGIN OF GOOD – PRACTICAL ASPECTS

Problems that have already been solved:

Use of the abbreviation „GB“ in the preferential sentence (Statement on declaration)

Placing the name of the exporter under a preferential sentence (Statement on declaration)

Introducing EU origin in a preferential sentence (Statement on declaration)

Requiring preferential treatment for imports from the UK for goods originating in countries with which the EU has an agreement (eg. CH, JP, VN...)

Indication of the preferential sentence (Statement on declaration) on the document of an entity other than the entity whose EORI number is used in the Statement on declaration

Problems that are still pending

Request for preferential treatment based on a preferential sentence (Statement on declaration) which does not correspond to the model in the agreement

Problem with direct transport
